10 User Tasks

10.3 User home and apply to use an instrument

- a) In user home page, search for the instrument using the upper-right drop-down list to apply access.

- b) After training and your account activated, you will see the instrument card shown in the User Home page.

10.4 Sign up to attend a training session

As a to-be-trained user, you can view the instrument calendar. If you see a training session booked by a manager, you can click the time slot to sign up to attend the training.

10.5 Safety requirements for instrument use

The required safety certificates are automatically summarized depends on which instruments that the user is to use. If any safety certificates are expired or invalid, the user will see a warning pop-up window as soon as the user logs into FOM system. Safety Certificate URL is presented to users to direct the user how to get the required certificates.

10.6 Reservation, cancellation, logon, and logoff

- a) In user home page, the authorized instruments are listed on the left side, and all the available but unauthorized instruments are listed on the right side. In user home page, click the instrument name that you want to use, or you may click the drop-down selection of equipment on left side menu to see the calendar of the instrument.

- b) To reserve a session, click on the time you want to start with. Then you will see the window like the one below. Choose a proper financial account and the planned start and end time to make the reservation.

New reservation

Resource: Helios DualBeam FIB
User: Carol Campbell (Day time user)
Multiple equipments:
 Select to book multiple equipments
Financial account: Crayons
Reservation: 12/11 13:30 - 12/11 14:00
Estimated cost: 0.00
Comment:
 Reserve Close

- c) A reserved time may be canceled if the planned start time is before the Late Cancellation timeout set by the instrument manager. To cancel or modify a reserved session, click on your own reserved time.

Future reservation

Resource: Helios DualBeam FIB
User: Carol Campbell (Day time user)
Financial account: Crayons
Reservation: 12/11 14:30 - 12/11 16:00
Estimated cost: 0.00
Comment:
 Cancel reserved time Modify Close

- d) Many facilities configure their resources so that no cancellation can be done within X hours of the reserved start time. Some facilities also configure to charge cancellation fee for late cancellation. If such timeouts are set and you click on a reservation within this set hours, you may see the following window, with “Too late to modify”. Some facilities may configure to disallow cancellation within X hours, then you will see “Too late to Cancel” message.

Logon **Close**

- f) When you are using the instrument your time slot is shown with pink background. Once you finish using the instrument, you need to click the current time slot to logoff.

- g) Fill in consumables if you have used. Choose "Something wrong" if you want to report problem of the instrument. Fill in comment, select account number to use, then click logoff.

10.7 Week view, day view and monthly view of calendars

In the resource calendar page, you may click the gears icon at the top-right corner, and then you can switch from week view to day view, month view, and agenda view of the instrument calendar.

10.8 Forgot logoff sessions

If you forgot logoff your session, you would receive email reminder after the reserved ending time. Also, the next immediate user who reserved the instrument can log you off. You would receive email if another user forced you off an instrument.

10.9 Download instrument operation manual

Click on "Documents" link on the left side to download instrument documents.

10.10 User report

Click on "User Report" link to download report of your usage in the facility with given start time and end time.

10.11 Submit service request form (Supervisor only)

A supervisor may submit a service request form if the service is provided by the facility lab staff. Click "Collaborate & Service" on the left side menu, then click the service link.

Request New Service
To submit a new service request or start a new collaborative project, Select service type

My Projects
Show projects requested last week, last month, or between start date and end date, and with status Show All

Category	Assigned To	Project ID	Requested By	Request Date	Last Update	Status
LC-MS	TBA	MS_000001	Alan Anderson	05/14/2018	(05/14/2018 04:37) Initial request	Approval Pending
MALDI	Facility Admin	MS_000004	Alan Anderson	05/14/2018	(07/11/2019 04:35) Wonderful experimental results verifying our hypothesis!	Ongoing

Once a service request is submitted, the project will be listed in this page and the corresponding manager will follow up with you about the progress of the collaborative project.

Click the Project ID link you will see the details of the collaboration history. You may share files, and comments in this page with all the involved collaborators.
