

Requesting Access to New Equipment

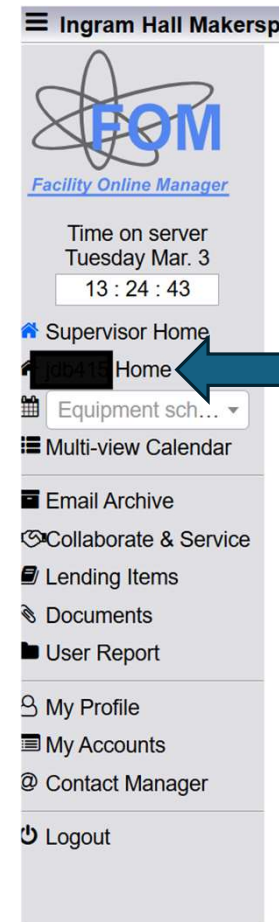

Ingram Hall Makerspace

Revision 1.0 [Spring 2026]

Start in User Home

- After logging into FOM with your NetID select your user home screen
 - Format will be “NetID Home”
- This will only be possible once a valid financial account is on file
- Reminder: The Ingram Hall Makerspace FOM URL is:

<https://fom.engineering.txstate.edu>

Changing View

There are two possible view types – Dashboard and classic which can be alternated at the top of the web browser

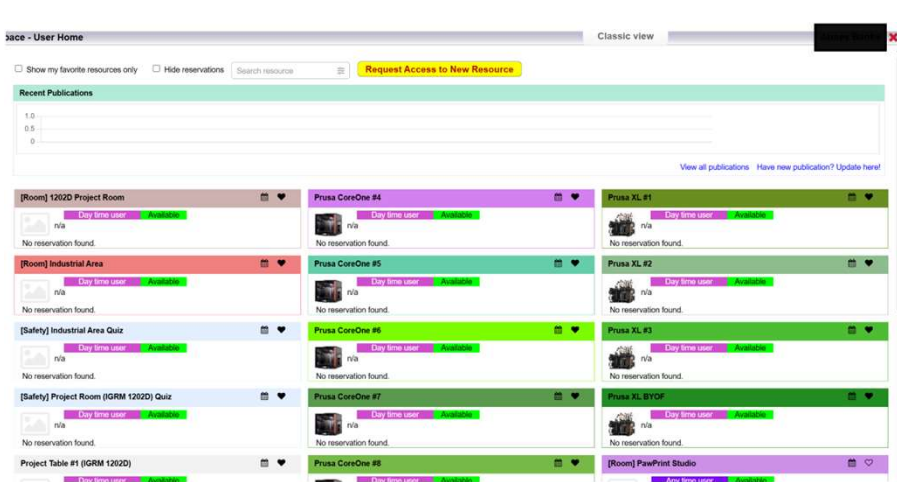

Click to change

The screenshot displays the top navigation bar of the Ingram Makerspace application. On the left, it says 'Ingram Makerspace - User Home'. On the right, there is a toggle button labeled 'Dashboard view', which is circled in orange with the text 'Click to change' above it. Below the navigation bar, the page is divided into two main sections. The left section, titled 'Authorized Resources (Click to view schedule)', contains a checkbox for 'Show my favorite resources only' with a link 'Switch to Dashboard view to set favorite resources', a search input field, and a list of resources under the 'Ingram Makerspace' header, including '[Room] PawPrint Studio' with a 'Day time user' status and an 'Available' green badge. The right section, titled 'Available Resources (Click to request training or usage approval) Hide this section', contains a search input field and a list of resources under the 'Ingram Makerspace' header, including '[Room] 1202D Project Room', '[Room] Industrial Area', '[Room] Woodshop', and several '[Safety]' quizzes.

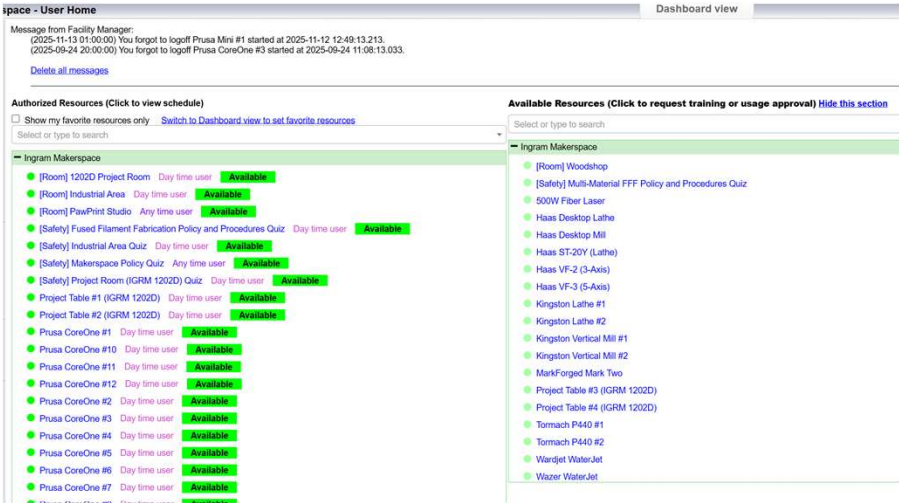

Both views have the same functionality, though certain icons, and flows may differ slightly

View Types

Dashboard

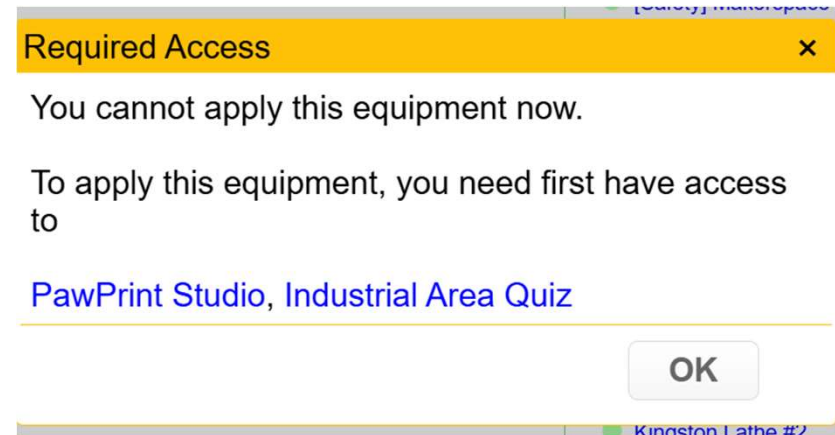

Classic

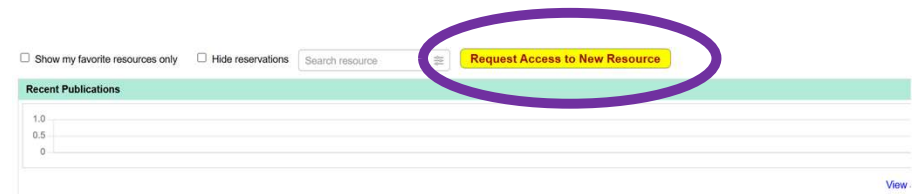

Initial Training Request – Classic View

- In classic view, all possible equipment is listed on the right side of the screen.
- Select which equipment you would like to use
 - If an equipment requires a prerequisite equipment, you will be prompted to first request access to that equipment.
 - For example, the industrial area requires access to PawPrint Studio and the associated quiz first
 - Example to right ---→

Initial Training Request – Dashboard View

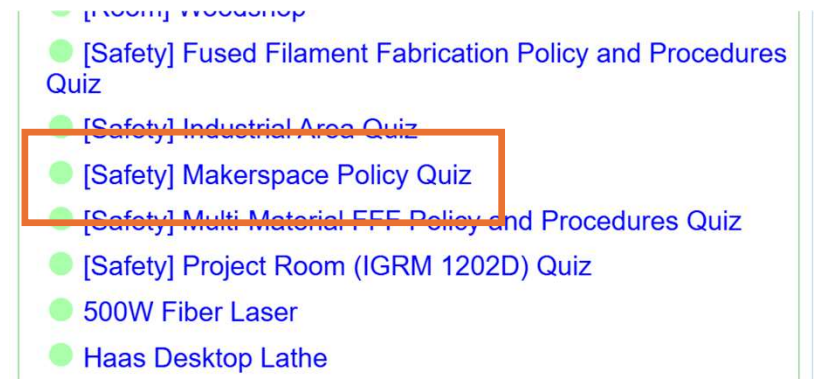

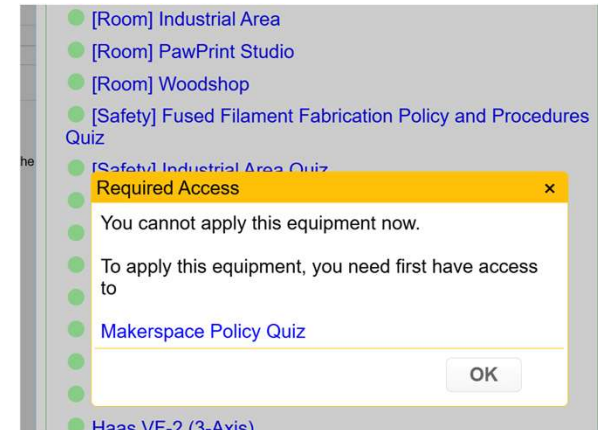

- Access to equipment is granted the same way in dashboard view, but by clicking the yellow “Request Access to New Resource” button at the top of the screen

You do not have access to any equipment. Please click on the "Request Access to New Resource" link at the top of this page to apply for training and access.

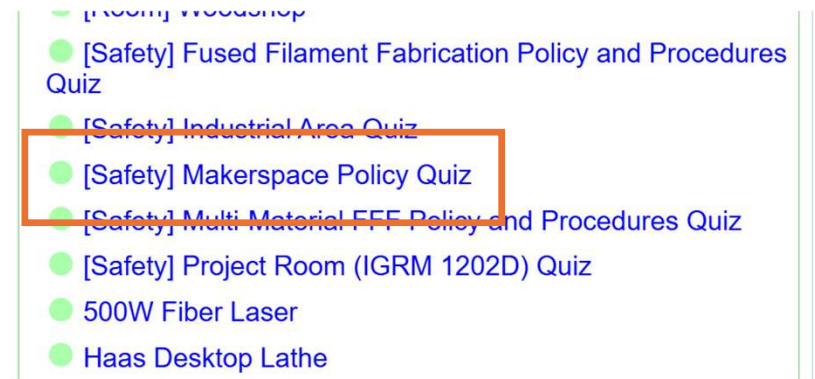

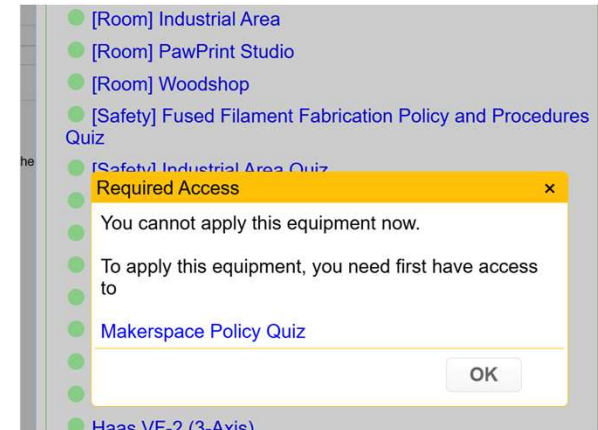

Gaining Room Access Example – PawPrint Studio

- Immediately requesting access to PawPrint Studio prompts for the Makerspace Policy Quiz
- That safety training should be completed first

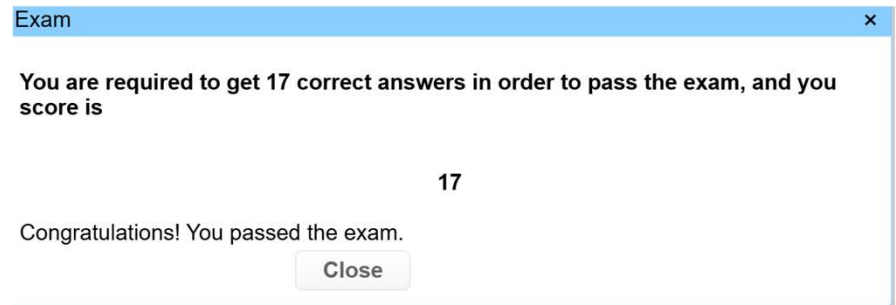

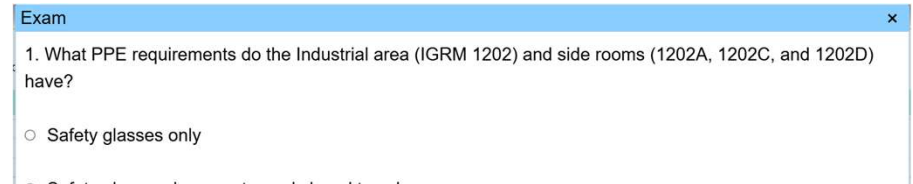

Gaining Room Access Example – PawPrint Studio

- Immediately requesting access to PawPrint Studio prompts for the Makerspace Policy Quiz
- That safety training should be completed first

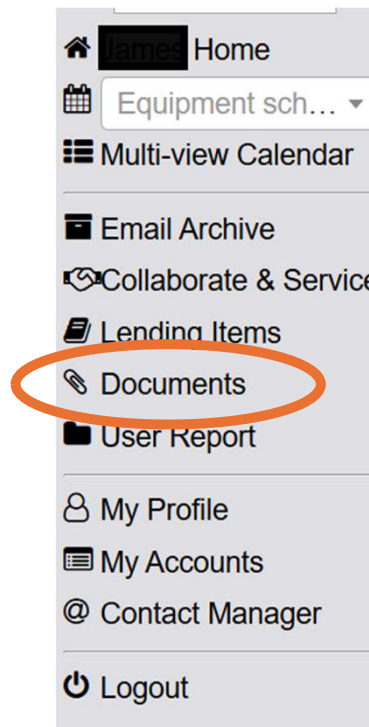

Training quizzes

- When you select the [Safety] Makerspace Policy Quiz, an exam will start
- A score of 100% is required on all quizzes
- There is no limit to the number of attempts allowed

Training quizzes - Documents

- Information for quizzes can be found under the **Documents** tab

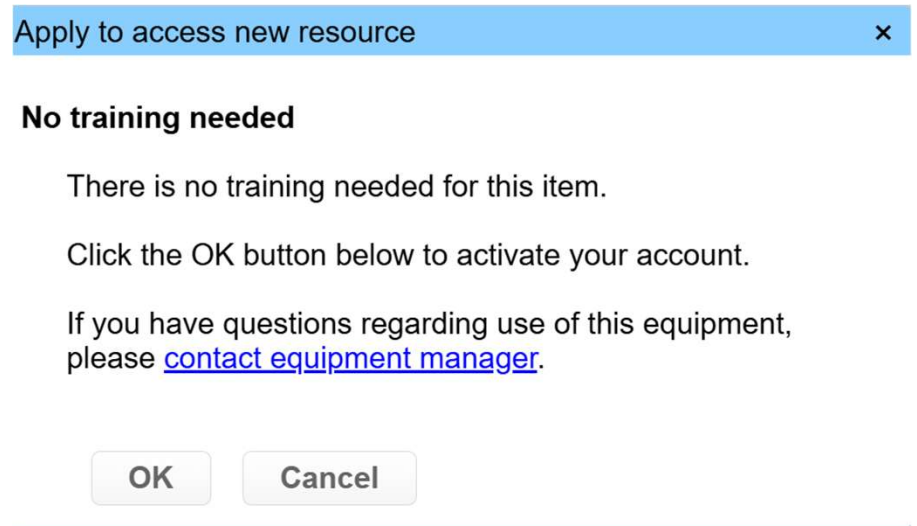

Documents

- Ingram Makerspace
 - Fused Filament Fabrication Policy and Procedures Quiz
 - [Prusa Mini and CoreOne SOP](#)
 - Makerspace Policy Quiz
 - [Ingram Hall Makerspace Policies and Procedures](#)
 - Multi-Material FFF Policy and Procedures Quiz
 - [Multi-Material FFF Printing SOP](#)
 - Project Room (IGRM 1202D) Quiz
 - [Project Room \(IGRM 1202D\) Policies and Procedures](#)

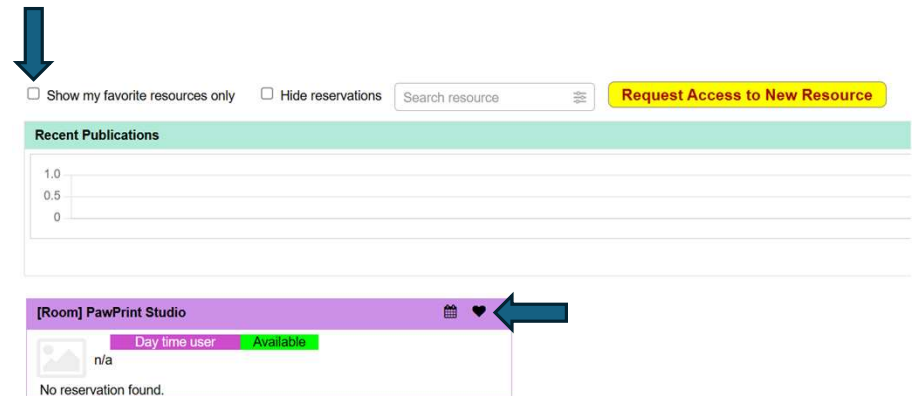

Gaining Room Access Example – PawPrint Studio

- Once the Makerspace Policy Quiz has been completed with a 100% score, you may request access to PawPrint Studio

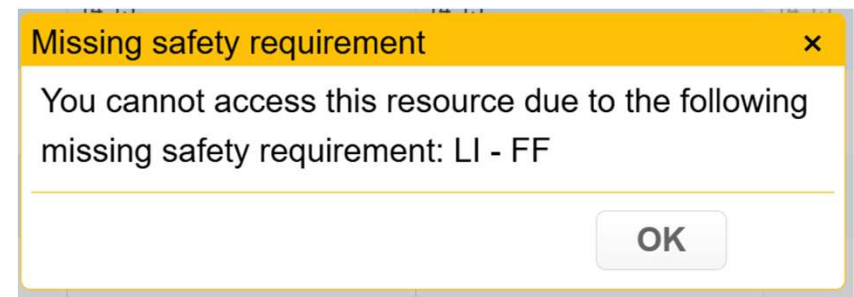

Gaining Room Access Example – PawPrint Studio

- PawPrint Studio will then be shown on your user home page
 - Hint: You can click the heart to unfavorite the resource to hide it for the future since it requires no reservations

Gaining Equipment Access – No In-person Training

- Certain equipment (such as rooms and FFF Printers) do not require in-person training
- Some Equipment still requires SOP quizzes
- Some Equipment still requires external certifications (i.e. LinkedIn Learning)
- Safety Certificate checks are not always instantaneous upon equipment access requests
 - It may take logging out and logging back into FOM to view any missing safety requirements

Safety Requirements			
You need to fulfill the following safety requirements for accessing the corresponding resources. Please click the requirement link for details.			
Certificate Link	Description	Deadline	Related resources
LI - FF	LinkedIn - Additive Manufacturing: Optimizing 3D Prints	03/03/2026	Prusa CoreOne #1
Do this later			

Gaining Equipment Access –In-person Training Required

- When equipment requires in-person training, requesting access to the equipment will show a message pop-up
- Use this to communicate with the instrument manager about scheduling a training session(s)

New User Application Form

Apply to use new equipment
Kingston Lathe #1

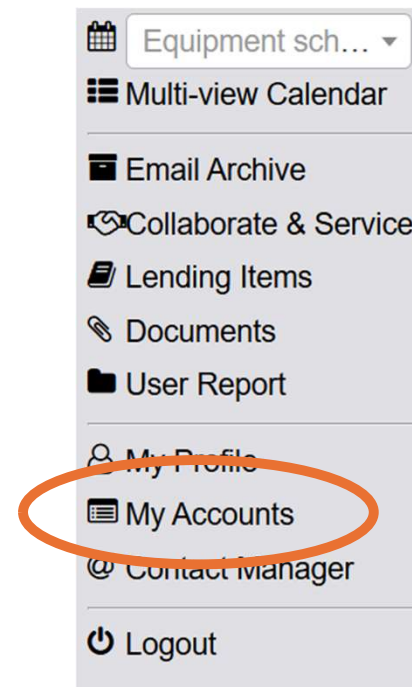

Select the option that best describes you: - select one -

Message to instrument managers:
I am currently working on [course name and number / project title] and would like to be trained. My availability is [list available dates and times].

Apply Cancel

Setting Default Account for Equipment

- If you are enrolled in multiple courses utilizing Makerspace Equipment, you may want to change your default account for each equipment
- To do so, navigate to **My Accounts** in the left-hand menu

Setting Default Account for Equipment

Update Account Number [Show invalid/expired accounts](#) [Hide invalid/expired accounts](#)

#	Research description name	Account Number	Is Active?	Set as default
1	NotAValidAccount	BokoFY26	☒	☒
2	ProjectDescription	AccountNumber	☒	☐

[⚙️ Set default Account Number for each equipment](#)

- To change your “master” default account click the radio buttons next to the appropriate account

Setting Default Account for Equipment

+ Set default Account Number for each equipment

CHANGE AS NEEDED
