

Ingram Hall Makerspace – New Users

First Steps

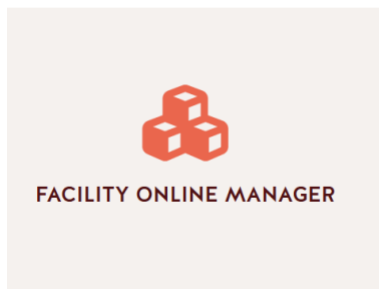

1. Navigate to <https://www.engineering.txst.edu/makerspace/documents.html>
 - a. Read the [*Ingram Hall Makerspace Policies and Procedures*](#)
2. Next, navigate to <https://www.engineering.txst.edu/makerspace/forms.html>
 - a. Complete and sign the [*Ingram Hall Makerspace Participation Agreement*](#)
3. Both the [*Photograph Release and Indemnity*](#) and the *Release of Liability, Indemnification and Assumption of the Risk Agreement* ([Adults](#) & [Minors](#)) are available on the same webpage. To use the Makerspace for walk-in access, student organization activities, or personal projects, please complete and sign these forms, then proceed to **FOM Account Creation** (Page 2).
 - a. The *Photograph Release and Indemnity* only needs to be completed once in your lifetime
 - b. The *Release of Liability, Indemnification and Assumption of the Risk Agreement* needs to be completed once every academic year and expires annually on August 31st if over the age of 18.
 - i. A different release is required for minors under the age of 18 and will expire on the signee's 18th birthday. At which point, the annual form will need to be completed.
 - c. All release form links are also found at <https://www.engineering.txst.edu/makerspace/forms.html>
 - d. Use your TXST NetID as your email address. **You will need to verify your email for all completed forms.**
4. If you decline to complete either release form, you are finished with new user onboarding. Your instructor or PI will handle all equipment reservations on your behalf.

FOM Account Creation

1. Navigate to fom.engineering.txstate.edu in a web browser and click “Click here to login with your TXState NetID”.

TxState_Makerspace - FOM - Welcome  <u>Facility Online Manager</u> Time on server Wednesday Oct. 15 15 : 30 : 16	Welcome to TxState_Makerspace Facility Online Manager (FOM©) Click here to login with your TXState NetID FOM© is an online accounting and equipment management software. FOM© is FREE for small research group use (online scheduler only, with a minimal installation fee). FOM© supports unlimited number of equipments, unlimited number of facilities, and unlimited number of users. FOM© can be used as a simple scheduler or as a complicated management system. It can be used in a single laboratory, or used to host all the facilities on campus. If you are interested in using FOM© to manage your laboratory, please contact FOM Networks at info@FOMNetworks.com. Visit http://www.FOMNetworks.com/ to see the features of FOM©

Use of computer and network facilities owned or operated by Texas State University

3. If prompted for “Discipline” or “Department”, please select whichever value you feel most appropriate. This does not affect any of your account usage or dependencies.
4. If prompted, select your supervisor (Instructor or PI) from the supervisor selection and complete the remaining fields.
 - a. If you are your own supervisor, select your own name.
 - b. If you do not see your supervisor listed:
 - i. Your account will still be created, but you will not be able to access equipment until your instructor or PI adds you to their account.
 - ii. You may also select Boko to be added to a generic account. Please note that this account does not allow equipment usage.
 - c. In most cases, this step will not be necessary as you may have already been added in advance by your instructor.
5. If your instructor or PI has not yet added you to their account, the following prompt or similar may appear. If you receive this message, contact your supervisor to request to be added to the appropriate account to proceed.
 - a. If you would like to use the Makerspace for personal use, please complete the [personal project usage request](#) form found on the Makerspace [forms](#) webpage. This satisfies the financial account number requirements.

Account Number Required

All non-manager users must have at least one valid financial Account Number before using FOM. Please [click here to add a new Account Number](#).

If you are a manager or supervisor/assistant, please close the window and inform your facility administrator to upgrade your user role.

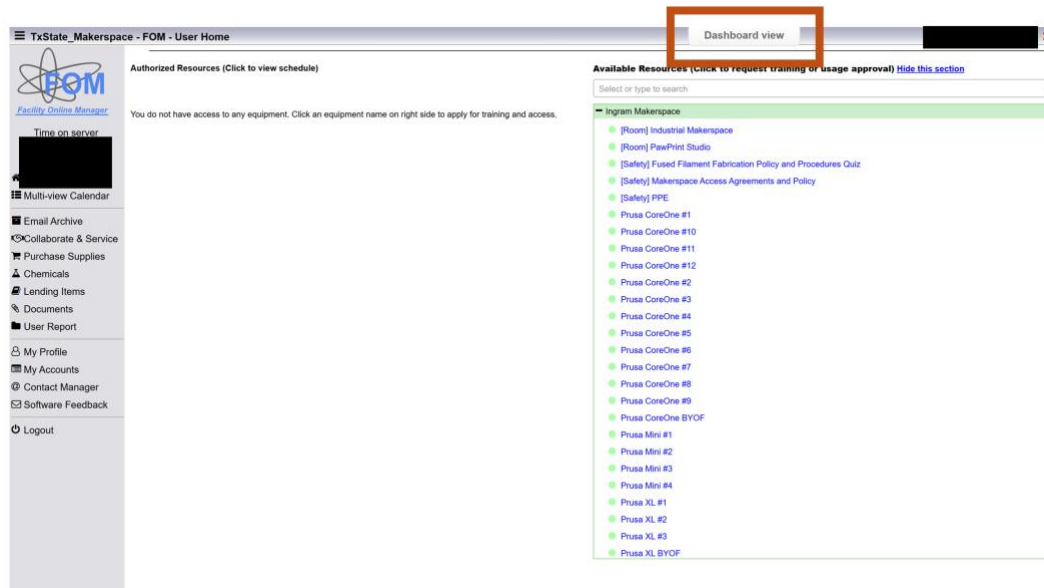

Add Account Number

Quit FOM

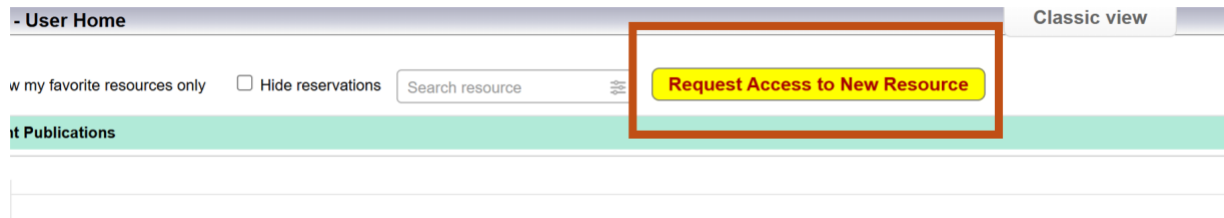

6. If you are able to access the site in its entirety, please continue with the following sections for requesting initial access to the facility and completing equipment training.

Completing Initial Training

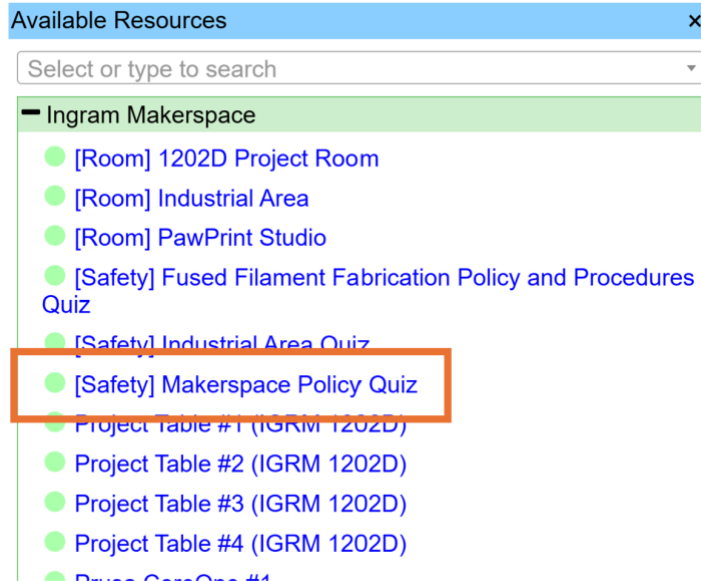

1. Upon initial login you will land at a webpage similar to the one shown below.
 - a. You may select “dashboard view” for an alternate layout. Layouts may be changed at any time.
 - b. For the purposes of these instructions, “dashboard view” will be shown, though both methods follow a similar flow.

2. Select “Request Access to New Resource”

3. Then select “[Safety] Makerspace Policy Quiz”

4. A pop-up exam will appear. This quiz is not timed and may be taken as many times as necessary. A 100% score is required to complete this safety certificate.
5. In addition to this quiz, all of the following are required for initial access to PawPrint Studio 🐾 (and subsequent rooms)
 - a. *Ingram Hall Makerspace Participation Agreement*
 - b. *Photograph Release and Indemnity and Release of Liability*
 - c. *Release of Liability, Indemnification and Assumption of Risk Agreement*

Please allow two business days for Makerspace staff to process your agreements. While waiting, you may proceed to register your ID card for room access.

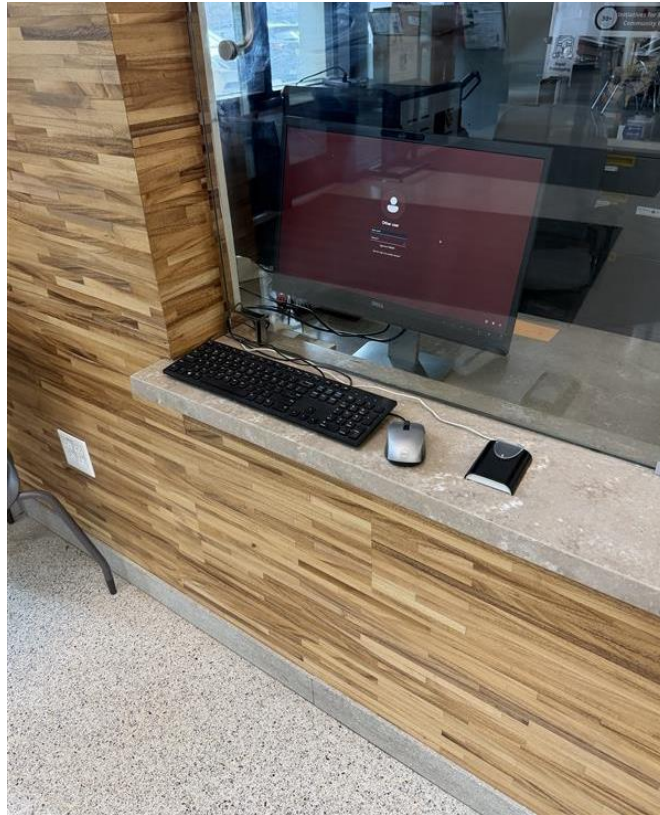

6. The following prompts will appear until all entry requirements are completed. Clicking on the **Certificate Link** will guide you to the appropriate quiz or form.

Safety Requirements			
You need to fulfill the following safety requirements for accessing the corresponding resources. Please click the requirement link for details.			
Certificate Link	Description	Deadline	Related resources
MS	Makerspace Policy and Procedures Quiz	01/29/2026	PawPrint Studio
Photo	Photograph Release and Indemnity	01/29/2026	PawPrint Studio
Rel	Release of Liability, Indemnification and Assumption of the Risk Agreement	01/29/2026	PawPrint Studio
UA	Makerspace User Agreement	01/29/2026	PawPrint Studio

Registering your TXST ID Card

1. With your TXST ID card, visit the Ingram Hall Makerspace front desk kiosk. Note: The front desk is not staffed and the kiosk is self-service.

2. Login to the computer with your normal TXST NetID and password
3. Open a web browser and visit **fom.engineering.txstate.edu**
4. Login to your account and click **My Profile**

5. In the upper right corner of the page is a **User ID Card field**. Click on this field so your cursor flashes.

User Profile
If you want to change information below but it is not editable, please contact one of the instrument managers to help you.

User Class: ☒ Internal User ☐ External User

Login Name: [Redacted]

Password: [Redacted]

Password Again: [Redacted]

First Name: [Redacted]

Last Name: [Redacted]

Email: [Redacted]

Phone Number: [Redacted]

Category: [Redacted]

Discipline: [Redacted]

Department: [Redacted] [My department is not listed here](#)

Supervisor: Bobcat, Boko [My supervisor is not listed here](#)

User ID Card: Click here and swipe your card to register

User Preferences

Auto Logon

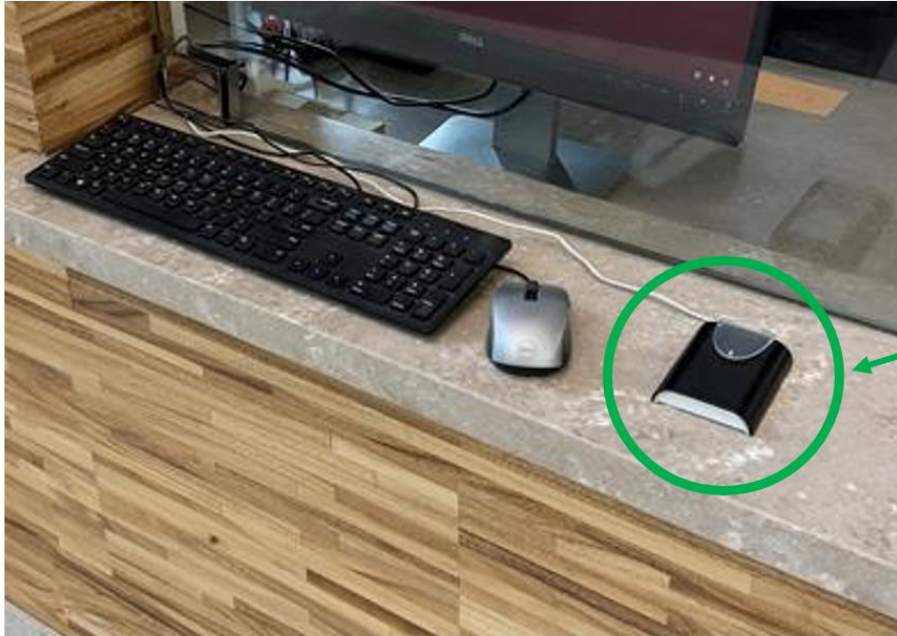

☐ Log me on automatically on this computer until I manually logout
